# Core® Cabin Speaker

## CONTROL SYSTEM

The Core Cabin Speaker allows users to preview Digital Voice Messages (DVMs). This speaker is compatible with Core and Core-S® control systems and lets users select and preview pre-recorded DVMs from the emergency vehicle before broadcasting, ensuring clear and accurate communication during critical situations. When paired with the Whelen Cloud Platform®, the Core Cabin Speaker supports Responder-to-Responder Alerts—providing real-time warnings of potential intersection collisions, significantly improving the safety of emergency responders.
