We're excited to announce that we've developed a **Build-a-Bar** solution for **TRIO WeCanX** models of **Liberty II** and **Legacy** lightbars! We recognize that every department, agency, or fleet has unique emergency warning needs and requirements. And as the demand for TRIO lightbars continues to grow, so does the need for more customized lightbar configurations. Now, you can build TRIO models of these lightbars in WeCad™ to meet the exact needs and specifications of your fleet. Whether you need a 48" Liberty II with Blue/White/Amber warning light colors or a 54" Legacy with Red/Blue/Green warning light colors, you can customize and configure your TRIO lightbar to your exact requirements in our WeCad software.

Pre-configured models will be discontinued on December 14, 2023 and will be replaced with Build-a-Bar models. **The last day to order pre-configured Liberty II and Legacy TRIO bars is December 13, 2023.**

Please refer to the tables below for new Build-a-Bar model numbers, discontinued pre-configured model numbers, and pricing. For all available options, please refer to the product sheet, and reach out to your Whelen sales representative with any questions.
