

We are excited to announce a new addition to our VXE product lineup: the **VXE SmartLED**. This model offers the same sleek design and exceptional visibility as the original VXE Warning Light, now with embedded flasher functionality, making it easier to install and use right out of the box.

Key Enhancements

The VXE SmartLED is designed for users who want simplified installation without the need for an external flasher. Here's what's new:

- **Embedded Flasher:** Unlike the original VXE, the SmartLED version includes an internal flasher with **27 built-in flash patterns**.
- **Advanced Flashing Features:**
 - **Scan-Lock™:** Quickly cycle through flash patterns and lock in your preferred configuration.
 - **Steady-Lock®:** Easily enable a steady-burn mode for a consistent, non-flashing output.
- **DUO™ Functionality:** The SmartLED variant has DUO color options, but it does not support TRIO™.

For more information, please reach out to your Whelen sales representative.

Model	Description	List Price**
VXF2#	NEW! Directional DUO Lighthouse, Amber, Blue, Green, Red and/or White, 9" Pigtail	\$155.00
VXF2#X	NEW! Directional DUO Lighthouse, Amber, Blue, Green, Red and/or White with Smoked Lens, 9" Pigtail	\$162.00

**Prices valid through 12/17/2025

Replace # symbol in model number with letter indicating DUO colors desired:
 D = Red/White, E = Blue/White, F = Amber/White, H = Green/White, J = Red/Blue,
 K = Red/Amber, L = Red/Green, M = Blue/Amber, N = Blue/Green, P = Amber/Green

Q&A

Which Version is Right for You?

- **Choose VXE SmartLED** if you want a simplified solution with built-in flashing capabilities and do not require TRIO functionality.
- **Choose the original VXE** if you need the full range of DUO and TRIO color options and plan to use an external flasher for more advanced configurations.
